be quiet! Pure Rock LP Motherboard Air cooler 9.2 cm Black 1 pc(s)

Model: BK034

Manufacturer: BE QUIET!

EAN: 4260052189757

Product Code: 1211279

R1,647

EXTREMELY COMPACT DESIGN

Fits into virtually all PC builds

Pure Rock LP has the smallest dimensions of all be quiet! air coolers. With this ultra-compact design and just 45mm height it fits even into the tightest PC builds like Mini-ITX motherboards and small form factor cases.

SOLID COOLING EFFICIENCY

A good choice for compact dimensions

With 100W TDP Pure Rock LP reliably cools HTPCs and small multimedia or gaming systems. 3 high-performance heatpipes take care for no PC build at all to overheat.

QUIET COOLING

Only 30.6dB(A) at maximum fan speed

The 15mm thin be quiet! 92mm PWM fan with high-quality rifle bearing facilitates the best balance between cooling performance and silent operation while keeping the cooler as low as possible.

PERFECT CHOICE FOR SMALL FORM FACTOR

Highly convenient design

The space-saving design that allows you easy access to components even in the very tight confines of compact PCs. Pure Rock LP comes out of the box with the full set of installation kits for Intel and AMD consumer chipsets.
