ACT Wireless Mouse 1200 DPI

Model: AC5110

Manufacturer: ACT

EAN: 8716065490695

Product Code: 1211538

R859

The AC5110 Wireless Mouse is ideal for use at home, in the office and while traveling. This plug and play device comes with a USB-A Nano receiver that can be stored inside the mouse. Select the preferred accuracy with the DPI switch: 800-1000-1200. The mouse has an intelligent power-saving function and an on/off switch.

Suitable for left-handed and right-handed users

The AC5110 has a symmetric design and thus can be universally used by both left-handed and right-handed users.

Nano receiver: storable in the mouse

The AC5110 comes with a USB-A nano dongle. When you want to take the mouse along with you, the USB receiver can be conveniently stored in the mouse.

DPI switch

Use the DPI switch to select your preferred accuracy. Choose between 800-1000-1200.

Power saving function and on/off switch

The mouse goes into a standby mode when it isn’t active for a while. Additionally, the mouse has a physical on/off switch, so you can fully disable the mouse.
