As a next-gen AI PC with Copilot+ PC experience, the ThinkCentre Neo 55s Gen 6 small form factor boasts advanced AI to improve your workflow through real-time suggestions, personalized insights, and process automation. With AMD Ryzen™ AI 300 Series processor, this compact device ensures that your business stays ahead in a fast-paced work environment.

STREAMLINED DEVICE INTEGRATION

Stay Connected, Work Uninterrupted

Seamlessly connect to other devices via Smart Connect. Enjoy ultrafast networking with industry-leading WiFi options, while easily accessing data anywhere via Lenovo Smart Storage. A plethora of ports ensures high-speed data transfers and crisp videos with multiple USB ports, HDMI®, DisplayPort™, ethernet (RJ45), and more.

COMPREHENSIVE SECURITY ALWAYS

Robust Security for Your Businesses

ThinkShield security suite provides solutions, including Discrete Trusted Platform Module (dTPM) 2.0 for encryption. BIOS-based I/O port disablement restricts access, while Smart USB protection blocks unauthorized transfers. A security slot and padlock loop physically keep the PC secure.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry-leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
