R21,635

Show Mac Colors, in Fluid Motion

Bring the smoothness you love on your MacBook to a 32-inch monitor to navigate timelines, play and edit videos, and refine details with fluid and immediate response.

Colors Not Matching?Plug in and Get the Right Colors

Most external monitors display colors differently from MacBook computers. As the best color-matching monitors for all MacBook generations, BenQ MA series delivers a wide P3 color gamut and

BenQ’s Mac color-tuning technology- making the MA Series the best monitors for MacBook users.

Sync with MacBook Control

Now you can synchronize controls between your MacBook computer and monitor with simple keystrokes, just like you would on your MacBook Pro and MacBook Air. Simply press the brightness or volume key, and both displays will adjust simultaneously.

Get it Done with Display Pilot 2

Experience Mac-like simplified settings with BenQ Display Pilot 2 software.

Nano Gloss Panel

Mac Colors, in Full Clarity

Love the way your Mac looks? You’ll see it here, all in stunning detail. The Nano Gloss surface brings crystal-clear depth, true blacks, and brilliant highlights, revealing every nuance with natural contrast. Even from the side, colors stay accurate and lifelike, so every angle feels unmistakably Mac.

A Powerful Hub Connects All

One cable brings everything together, display, power, and connection. You can keep your MacBook, Mac Mini, Mac Studio, iPad, iPhone, and more charged and ready.

*USB-IF certified USB-C ports ensure safe charging and reliable connectivity without risking damage to your Apple devices.

Daisy Chain

Expand Your Vision

See more of your timeline, your creative space, your world. Daisy Chain spans your work across dual 4K displays, delivering smooth 120Hz performance on both screens for a responsive, unified workflow.

*Since Apple Silicon M1 and M2 chips do not support multiple monitors natively, Daisy Chain cannot be applied on M1 and M2-based devices. Daisy Chain can be applied on Apple Silicon Pro, Max, and Ultra-based devices.

Built-in Smart KVM

One Flow. Across macOS and Windows.

Move between macOS® and Windows® without losing your rhythm.

No reconnecting. No rethinking. Just stay in your flow as your MacBook and PC work like one system.

One keyboard. One mouse. One uninterrupted workflow.

We Adjust Easily. You View Comfortably.

No more bad posture. BenQ’s best monitors for MacBook Pro and MacBook Air go beyond screen limitations, offering greater freedom with multiple angles and height adjustments for an improved viewing experience.
