You deserve to be heard. That's why 3 beamforming mics on each earbud ensure that your voice always comes through loud and clear, even on a breezy day. And you can hear it for yourself, since VoiceAware lets you control how much you hear your own voice during calls.

Extreme dustproof and waterproof

The IP68 dustproof and waterproof JBL Reflect Aero earbuds are the perfect companions wherever you go, regardless of weather conditions. Dust-tight for hikes and beach parties, they're also built to function for 30 minutes at depths of up to 1,5 meter/5 feet—including salt water, as long as you remember to rinse them off afterwards.

Designed for movement. Defined by you.
Designed with POWERFINS for a secure fit and better-fitting Oval TubesTM for all-day comfort, JBL Reflect Aero earbuds are the perfect companions for your active lifestyle. Stay focused on your goals with True Adaptive Noise Cancelling, while Smart Ambient technology keeps you alert to your surroundings. Whether you're out for a light walk or into a serious workout, the fast-charging 24-hour battery capacity means you'll never miss a beat of your personal soundtrack, powered by rich JBL Signature Sound. And when it's time to talk, 3 mics on each IP68 dustproof and waterproof earbud help to ensure perfect calls, wherever your journey leads.
