NOTE: The monitor stand is not included. A VESA compatible stand can be purchased separately for desktop usage.

Lifelike Visuals with Ultra-Wide Viewing Angles

The Touch monitor HT221PPB / PPW features a 16:9 aspect ratio LED-backlit panel with a 178° ultra-wide view angle that minimizes colour shift on both horizontal and vertical planes to ensure quality visuals from almost any direction. It delivers improved colour accuracy plus increased energy efficiency.

The HT221PPB / PPW uses a 178°(H) / 178°(V) ultra-wide viewing angle Full HD panel that eliminates colour shift from almost any direction and in nearly every angle.

Extensive connectivity

The HANNspree HT221PPB / PPW features a host of connectivity options that include VGA, HDMI and DP. The HT221PPB / PPW Open Frame Touch Monitor ensures that your monitor is more compatible and ready to handle all of your content.

Enabling touch is easy! Simply connect the USB cable from your PC to the monitor’s USB upstream port, and connect one of the video inputs to project images onscreen

Scratch Resistant - Multi-Touch Screen with 7H Surface Hardness

7H Scratch resistance is essential for touch solutions used for education and public environment. This is achieved thanks to a glass overlay covering the screen. This means that the panel surface can withstand impact from objects and scratches, making it perfect for public spaces and educational institutions.

Our toughened Hard Glass fronted LED Monitors (≥7H hardness rating) are designed specifically for retail and Industrial applications, offering protection from impacts and dirt for a long life solution.

Vesa Wall Mount

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The HT221PPB / PPW complies with the VESA standard 100x100mm, it means that you can easily mount the display to any VESA mounting kit.

NOTE: The monitor stand is not included. A VESA compatible stand can be purchased separately for desktop usage.

Projected Capacitive (PCAP) Touch Technology

Now multiple users can experience shared touchscreen interaction. Using up to 10 finger touch points, the HANNSpree HT221PPB / PPW Monitor allows everyone to play and collaborate at the same time.

The precise and accurate multitouch display — allowing up to 10 simultaneous touches — allowing you to work smarter and more efficiently.

With Projected Capacitive Touch, users can enjoy a smoother and more accurate touch display experience with increased interactivity. Thanks to the glass overlay this technology is highly durable, the touch performance is unaffected by everyday use and mishaps such as dirt, dust, condensation, liquid spills or cleaning solutions.

Speakers & Headphones

The HT221PPB / PPW is equipped with stereo speakers, for clear audio that sounds like it’s coming from a high-end stereo system. The speakers deliver a true stereo effect for an enhanced listening experience, especially when displaying multimedia content during lessons, therefore removing the need for external speakers.
