Onikuma MT902 2.4G Gaming Keyboard (Black-and-White Gradient)

The Onikuma MT902 is a modern gaming keyboard that combines comfort, durability, and advanced features. Equipped with RGB backlighting and a quiet membrane switch, it ensures a comfortable user experience. A 2000 mAh battery allows for long work and gaming sessions, and a rotary multimedia button enables quick control of volume and backlighting. The MT902 is a device designed for gamers and computer users, combining performance with practical solutions.

3 connection modes

The keyboard offers three connection methods, ensuring full flexibility of use. Wireless mode provides fast transmission, 2.4 GHz mode minimizes latency and is ideal for gaming, and the USB-C

wired connection with a detachable cable ensures stability and uninterrupted operation.

Backlighting and typing comfort

The keyboard features RGB backlighting with a choice of seven lighting effects. The brightness and speed of the effects can be adjusted directly on the keyboard. Three-color keys and a quiet membrane ensure comfortable typing and minimal noise, making the MT902 ideal for both fast-paced gaming and working in low-light conditions. The backlighting also enhances the visual appeal of your workspace.

Long-lasting battery and simple operation

The 2000 mAh battery provides up to 20 hours of use on a single charge, and charging via USB-C takes approximately 6–8 hours. A rotary knob allows you to conveniently adjust the volume, mute the sound, and control the backlight, making keyboard operation quick and intuitive. As a result, the MT902 combines functionality with the comfort of everyday use.

Robust construction

The Onikuma MT902 features 95 keys and measures 380 x 141 x 40 mm. It is also built to withstand heavy use, with a key lifespan of up to 5 million clicks. The durable and ergonomic design makes the keyboard ideal for both gaming and office work.
