COMPACT POWER, LIMITLESS EFFICIENCY

Drives Business Performance & Productivity

Powered by Intel® Core™ Ultra processors, the ThinkCentre M70t Gen 6 tower PC is ideal for running complex software, multitasking with multiple applications, or streaming high-definition content. Optional Intel vPro® technology enhances security and manageability that IT professionals will love.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

EXPAND YOUR VISUAL SPACE

Seamlessly Connect to External Monitors

Take multitasking to the next level with triple display capability — two display ports and an HDMI® port. Experience brilliant visual clarity — spread out your projects, track multiple activities, and boost efficiency with a setup that keeps everything in view and at your fingertips.

PRIVACY & PROTECTION

Security Like Your Business Depends On It

Enjoy maximum security with ThinkShield — including Trusted Platform Module (TPM) for hardware solutions, self-healing BIOS to restore earlier system settings, and Secure Wipe. Choose the optional Intel vPro® platform for multilayer security to block cyberattacks and ransomware. Secure your PC physically with the security slot, chassis e-lock, and more.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry-leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
