QNAP TS-H665U Storage server Rack (1U) 8 GB DDR5 0 TB QNAP QTS Black

Model: TS-H665U-8G

Manufacturer: QNAP

EAN: 4711103091852

Product Code: 1219121

R42,520

TS-h665U

Intel® quad-core 1U rackmount NAS with dual E1.S slots, dual 2.5GbE ports, and PCIe expansion — delivering high-speed performance and versatile scalability

TS-h665U is designed for small and medium-sized businesses, powered by an Intel® quad-core processor, and equipped with dual 2.5GbE network ports that support port trunking for up to 5 Gbps network bandwidth. A PCIe expansion slot allows flexible upgrades, such as adding a 10GbE/5GbE network card or a QM2 card for M.2 SSD caching, delivering exceptional expandability. With the built-in Intel® AES-NI encryption engine, TS-h665U maintains outstanding data access performance even when accelerating AES 256-bit encryption.

Within a 1U chassis, TS-h665U offers four 3.5-inch SATA bays and two high-expandability E1.S slots,
