The Shuttle XPC XH810 is the ideal entry point for professional computing, offering an exceptional balance of price and performance within a compact 3.5-litre chassis. As a cost-effective base model, this robust steel barebone supports the latest Intel Core Ultra 200 series processors (LGA1851) and up to 96GB of high-speed DDR5 memory. Its versatile storage options provide incredible value, uniquely accommodating a full-sized 3.5-inch hard disk or two 2.5-inch drives alongside dual M.2 NVMe SSDs for maximum flexibility on a budget.

Despite its affordable positioning, the XH810 makes no compromises on connectivity. It features triple 4K/8K display support, dual Intel LAN (2.5G + 1G), and up to six serial ports, making it a
