

LogiLink PA0133 mobile device charger Smartphone, Tablet Black Cigar lighter Auto

Model: PA0133

Manufacturer: LOGILINK

EAN: 4052792041187

Product Code: 1219538

R582

Compact, lightweight and easy to use; ideal for traveling. The smartphone holder for the car ventilation shaft is ideal for keeping the best view on your mobile device. The holder is mounted directly into the ventilation shaft and then the smartphone can be attached. Particularly practical: you can rotate the head of the holder by 360 degrees and is thus very flexible in arranging and orientating the smartphone. The universal car and truck charging adapter from LogiLink can be used for charging and operating devices with USB compatible power supply. The adapter fits into the standard connection of the cigarette lighter in the car or truck. For safety, the adapter has a built-in short-circuit protection. The set consists of a smartphone holder and a USB charging adapter.
