R17,260

Essential design to frame your everyday.

Galaxy S26 FE combines a slim, premium design with durable materials and the iconic Galaxy silhouette. Clean lines, balanced proportions, and a refined finish create a sleek look, with strong construction built for everyday reliability. It's a design that balances durability and modern style for those who value both what lasts and what's new.

Looks sleek, built tough.

Galaxy S26 FE pairs a slim, comfortable design with dependable protection for everyday adventures. Encased in Corning® Gorilla® Glass Victus®+ and an aluminum alloy frame, it combines a refined look and feel with a build made to last. An IP68 rating for dust and water resistance gives you added confidence wherever the day takes you.

Every moment, captured in ProVisual detail.

Capture clear, high-resolution photos and videos from the moment you shoot to the moment you look back on them. Powered by ProVisual Engine, Galaxy S26 FE enhances image quality and preserves detail across a wide range of shooting situations. Make every shot count with sharp detail, vibrant colour, and true-to-life clarity — with less effort.

Nights to meet you.

Some of the best moments happen after sunset. Galaxy S26 FE helps keep photos and videos clear and bright in low-light environments, reducing noise while preserving the details that make nighttime memories worth sharing.

Close. Closer. Whoa.

A closer look reveals more. 50 MP Zoom technology helps preserve sharp details when you zoom in, so the textures, colours, and intricate elements that caught your eye remain clear in the shot. Sometimes it's the details that leave the biggest impression.

Fit more into every selfie.

Trying to fit everyone into the selfie? The upgraded 12 MP selfie camera gives you a little more room, so your friends and the view behind you can all fit comfortably in the shot. No one gets left out this time.

Super Steady Video. Now steadier.

Super Steady Video's new Horizontal Lock feature combines expanded optical angles with gyro and acceleration sensors to recognise the direction of gravity and keep your shots level, even if you rotate a full 360°. Whether you're on rocky trails or chasing your fastest finish, get smoother, shake-free videos every time.

Centre your favourite.

Get everyone in the shot at an event or a gathering with friends and then put the spotlight on one person later with Galaxy AI. On Galaxy S26 FE's main screen, change wide-angle shots into subject-

centered tracking shots cropped to your choice of aspect ratio for easier, more precise edits right from your Gallery.

Instant audio control during video playback.
Fine-tune audio and hear more of what you want, even over the noise outside. From livestreams to recorded content on social media, Audio Eraser helps reduce unwanted background noise, so voices and other important sounds come through more clearly.

Photo editing, in your own words.
Photo Assist turns your imagination into reality. Simply describe what you want to see and create visuals from your words and image references — no need for complex editing tools. Whether you're exploring creative concepts, personalising content, or bringing an idea to life, it's an easy way to create in seconds.

Built-in scanning made simple.
Scan documents and keepsakes without needing additional apps. Document Scan helps reduce distractions such as fingers in the frame and folded corners, while Multi Scan captures multiple items at once. Whether you're saving a concert ticket, collecting travel memories, or sharing an event on social media, it's an easy way to create clean, share-ready scans in just a few taps.

Your Galaxy. Your way.
The new One UI 9 is capable of doing much more — from taking care of tedious tasks to suggesting what I need at the exact moment to adapting to my personal tastes and usage patterns. With AI integrated deeper into the system, you now have the freedom to be more productive and creative. Experience seamless intelligence of your Galaxy that empowers you to see more, create more and understand more.

Your privacy. Secured.
Were committed to protecting your information, while providing transparency about how its used and shared.

Circle it, find it.
Use Circle to Search with Google to find multiple items of a look by simply circling an outfit on your screen, and it will help you find every piece — from tops to footwear and everything in between — all in one search. You can circle it, search it and find the look, all from exactly where you are.
