

GENESIS NPG-1739 mouse pad Gaming mouse pad Multicolour

Model: NPG-1739

Manufacturer: GENESIS

EAN: 5901969431094

Product Code: 1221628

R924

UNIQUE SERIES

Each gaming pad comes with a unique invitation code that can be used for a new account or a bonus code to use with an existing account. Both codes offer attractive bonuses for World of Warships players. Bet on uniqueness and win in style!

SPEED SURFACE

The pad is covered with a smooth "speed" surface, ensuring an extremely smooth and even glide and an immediate reaction of the mouse. Thanks to this, the pad will accelerate the planned movements and ensure high precision. The Carbon 500 World of Warships series is compatible with all types of mice.

NON-SLIP UNDERSIDE

The underside of the pad is made of high-quality non-slip rubber. This ensures that the Carbon 500 WOWS will be stable on any ground and stay in place even during the most vigorous movements.

STITCHED EDGES

The edges of the pad have been additionally protected with a high-quality hem to protect against fraying. Stitched edges significantly increase longevity and will keep the pad in perfect condition for many years to come.

MOISTURE RESISTANT

The pad has been thoroughly impregnated, thanks to which it does not absorb moisture and guarantees water resistance. Put your favorite drink on the desk and indulge in exciting gameplay!
