Introducing the HP 911 Pro Dual Connector with a Swivel Design, allowing users to effortlessly store and transfer files between USB Type-C mobile devices and USB Type-A computers. The capless design paired with a keyring hole means you won’t be losing your data in the field. With sequential speeds of up to 1000 MB/s (read) and 900 MB/s (write), the HP 911 Pro rivals SSD performance while maintaining a smaller footprint than Portable SSDs, making it perfect for on-the-go use. Suited for avid multimedia enthusiasts who frequently transfer large files and business professionals seeking to enhance productivity.[2],[3]
