Pick your trendy color; canary yellow, jelly pink, ultraviolet purple, absinthe green, electric blue or sunrise orange to pimp up your daily pursuits of storing and sharing your data and hike up the fun factor

Protective integrated cap for your convenience

Never lose your cap again! The protective cap is integrated in the product design, so it will always stay attached to the USB stick. To bring it into use, you only have to turn the cap backwards, plug the stick in and play.

Easy opening and user friendly packaging

The markings and perforations on the packaging show you the best way to open your packaging and get quickly access to your USB stick without hassle.

Fast data transfer with high-speed USB 2.0

High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.

Activity indicator lights up when copying files

An appealing LED indicator shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.

Automatic compression of all files saves free space

Save free space by automatic compression of all the files you put on the USB flash drive

512GB storage capacity for large data files

A useful 512GB gives you the capacity to swap, share and save much larger or more files via the USB port of your PC or laptop.
