

Goodram USB UNO3-0320S0R11 USB flash drive 32 GB USB Type-A 3.2 Gen 1 (3.1 Gen 1) Silver

Model: UNO3-0320S0R11

Manufacturer: GOODRAM

EAN: 5908267965337

Product Code: 1222595

R855

The USB UNO3 is not just a storage medium – it is a true combination of elegance, subtlety, practicality and durability. The perfect solution for those who value not only convenience and versatility, but also the original design of the medium.

Durability and security of your data

The metal casing guarantees not only an elegant appearance, but also exceptional durability against any mechanical damage. Additional protection is provided by the COP (Chip on Board) technology, ensuring not only water resistance, but also shock

resistance. Thanks to these protections, the USB UNO will perform perfectly even in the harshest outdoor conditions.

The UNO3 flash drive is available in five different capacities – from 16 GB to 256 GB. Thanks to the use of high-quality components, it achieves read speeds of 20 MB/s and write speeds of up to 60 MB/s. This means not only fast data transfer, but also high performance, which in turn translates into comfortable and efficient use.

Lifetime warranty

In order to ensure the highest quality of our products, we offer a lifetime guarantee on USB UNO 3.2 gen.1. For us, this is not only a commitment, but also a confirmation of confidence in the durability and reliability of the solutions offered. We are convinced that our products will meet the expectations of even the most demanding customers, which is further emphasised by our commitment at every stage of production.
