

# j5create JVA11-N 4K HDMI™ Capture Adapter

Model: JVA11-N

Manufacturer: J5CREATE

EAN: 4712795086607

Product Code: 1223072

## R2,549

Record or stream high resolution video content with a compact 4K capture device. The USB-C® cable includes a USB™ Type-A adapter for increased device compatibility and works with a variety of video capture software. USB™ 3.2 supports high quality streams and recordings. Its small size makes it easy to transport and put away. This is a great device for video podcasts, field production, and capturing gameplay.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
