STUNNING PICTURES & VIDEOS

Capture every moment in beautiful, dynamic detail with 3 premium 50 megapixel cameras

SOFTWARE UPDATES UNTIL 2031

That’s 8 years of support and security guaranteed. You can count on us to keep your phone running smoothly.

MORE THAN 70% FAIR OR RECYCLED FOCUS MATERIALS

Gold, cobalt, lithium, plastics and many more - That's a groundbreaking innovation (literally).

EASY TO REPAIR

Nothing in the Fairphone 5 is glued shut. You can just fix it yourself and make it last. It’s that easy.

A DYNAMIC OLED SCREEN

Stunning picture quality with super smooth motion performance - bright and vibrant even in direct sunlight.

Designed for you.

Futureproof performance until 2031
Your Fairphone 5 is fast - really fast. The unique Qualcomm® QCM6490 (Octa Core) extended life chipset and our industry leading support promise will make sure it outlives most other phones: It’s backed with OS*, software and security updates until 2031.

Made with respect for people

Every Fairphone 5 directly supports the people who made it with a $2.63 living wage bonus. With each phone, we’re moving closer to a world where the makers are treated fairly, paid well and take pride in what they do.
Made climate conscious
We’re avoiding and reducing carbon emissions by designing our phones to last, using recycled materials, powering the assembly manufacturing with 100% renewable energy and investing in
