Model: SWDCE1YR100N-DIGI

Manufacturer: APC

Product Code: 1223954

R78,179

EcoStruxure Data Center Expert helps IT professionals monitor, manage, and optimize all their critical and distributed power and cooling equipment on-premises. DCE enables a resilient, secure, and sustainable data center. Gain the visibility and data-driven insights to not just react when something happens, but to prevent issues before they occur—all while reducing operational costs with our next-generation DCIM software.
