

ACT Ergonomic wireless mouse 1600 DPI with vertical grip, eco-friendly

Model: AC5102

Manufacturer: ACT

EAN: 8716065606270

Product Code: 1226012

R1,312

The ACT AC5102 Wireless Ergonomic Mouse with vertical grip is designed for comfortable use at the office, at home, or on the go. Thanks to its vertical design, your hand is positioned naturally, helping to reduce strain on the hand, wrist, shoulder, and neck. The mouse features a 1600 DPI sensor for precise control, silent click buttons, and convenient thumb buttons for efficient navigation.

Vertical grip: help prevent strain

Use the AC5102 Ergonomic Mouse with vertical grip to help prevent mouse-related strain injuries. The design supports a natural hand and arm posture, providing greater comfort during extended use.

Silent click

The silent click technology ensures the mouse produces minimal noise. Unlike standard mice with audible clicking sounds, this mouse operates quietly. Ideal for environments where low noise levels are important, such as offices, libraries, and shared workspaces.

Nano receiver: storable inside the mouse

The mouse comes with a USB-A nano receiver. It can be conveniently stored inside the mouse, preventing loss during transport or when not in use.

Adjustable DPI for precision

Easily select your preferred level of accuracy using the DPI switch. Choose between 800, 1200, and 1600 DPI for optimal control depending on the task.

Intelligent power-saving

The mouse features an intelligent power-saving function and an on/off switch to extend battery life. This prevents unnecessary energy consumption when the mouse is stored in your bag or not in use. With the included AA battery, the mouse is ready to use right out of the box.

Made from recycled materials

At ACT, we care about the environment. That’s why we use recycled materials in our products. The ABS plastic of this mouse is made from 85% recycled materials.
