R1,909 ~~R2,057~~

Fast. Big. Durable.

Play faster, work smarter. FireCuda™ drives meld the latest NAND flash technology with a traditional hard drive for a compact blend of capacity and speeds up to 5× faster than typical hard drives, all backed by a 5-year warranty.

Ferocious Performance

Hate waiting on your game or application to load? FireCuda delivers superior performance compared to a standard hard drive, yet provides the high capacity options you’ve come to expect from a hard

drive solution. It’s the perfect upgrade for gamers, creative professionals and PC enthusiasts.

Richer Gaming Experience

- FireCuda delivers faster load speeds for nonstop performance and play
- Save time with a drive that boots in seconds, not minutes
- Get in the game up to 5× faster than traditional hard drives

Superior Storage

Games are getting better and videos are getting sharper. With up to 2 TB of storage, FireCuda makes deleting games and files — to free up disk space — a thing of the past. Perfect for gamers and creative professionals who want it all, now.

- Enjoy up to 2 TB of space on 2.5- and 3.5-inch HDDs
- Eliminate the need to uninstall games in order to make room for new ones
- Store up to 40 games per TB (at 25 GB per game) with the 2 TB FireCuda hard drives!
