installed: Windows 10 Pro Product colour: Grey Weight: 2.49 kg Take every adventure to its peak Guaranteed power: Experience powerful performance whether you're gaming or streaming thanks to AMD Ryzen™ R5. Keep cool: Our thermal systems utilize copper piping to dissipate heat as it's pulled through the top of the keyboard and bottom of the system via four large exhaust vents. Improved power: The latest improvements to our thermal design gives your system the thermal headroom to deliver ample power while adapting to a changing system load. This allows clock speeds to remain higher for longer, while keeping component temperatures cooler as well. Storage makes all the difference: More storage means a faster start-up time which means you can get straight into gaming. Plus, thanks to dual drives with SSD options including M.2 NVMe PCIe you can game more without worrying about storage. Full speed ahead: Intel® Wi-Fi 6 AX201 supports 2x2 Wi-Fi 6 technology, delivering data rates of up to 2.4Gbps and increased network capacity as well as Bluetooth® 5.1 support, for fast uploads and downloads, low latency and lasting battery life. Keep your visuals uninterrupted Keep your visuals uninterrupted More memory, more fun: The NVIDIA® GeForce RTX™ 3060 graphics card is powered by the NVIDIA® Ampere architecture — NVIDIA®'s 2nd gen RTX architecture—with new RT Cores, Tensor Cores and streaming multiprocessors for realistic ray-traced graphics and cutting-edge AI features. Plus, with up to 6GB GDDR6 of dedicated memory you can experience the action in all its glory with faster loading times and a quieter system. Get drawn in: Rapid refresh rates and FHD resolution ensure fast, smooth and detailed gaming. Play on the standard 120Hz display panel with 250-nit brightness; or opt for the 165Hz display panel with 300-nit brightness, sRGB 100% color gamut and 3ms response time. Design that intimidates A new robust finish is easy to care for and is available in a sharp-looking Phantom Grey with speckles. Engineered to be ready when you are Game Shift technology: Give yourself a turbo-boost of power when gaming gets critical with a simple press of a button. Game Shift is activated by pressing FN+G key and triggers a dynamic performance mode within the Alienware Command Center by maximizing the fans' speed to keep your system cool while the processors work harder. Vivid sounds: Dual speakers with nahimic 3D Audio for gamers let you hear every plan of attack with crisp clarity. Light it up: Game clearly in low-light settings with an optional 4-zone RGB backlit keyboard available in White print and Hot Coral with WASD controlled by the Alienware Command Center. Power that lasts: Don't let your gaming revolve around a plug; now you can quick-charge your system with a 51Whr or an optional 68Whr battery. Alienware Command Center on Dell G Series Game better: We've crafted innovative software specifically designed to improve your gaming experience, fine-tune
