- Key Features: Work smart Flexible mounting: With multiple mounting options, the 3090 micro fits exactly where you need it to. Simple to maintain: The 3090 micro delivers easier access to parts without needing to remove the front bezel Work confidently: Built secure with TPM 2.0, standard security lock slot, padlock loop, intrusion switch, and SED hard drive. Stay Cool: Utilizing the shift venting pattern, the 3090 micro maximizes air intake to keep your system temperature down. Uncompromising productivity Power through your work: Built with up to 10th Generation Intel® Celeron, Pentium, Core™ i3, i5 or i7 processors for faster performance. Optimized chassis design: The 3090 micro now has simplified configurations to be more cost effective and provide an easier purchasing decision. Modernize your experience with Dell Technologies Unified Workspace Dell Technologies Unified Workspace is the gold standard approach to helping you achieve a modernized endpoint environment and deliver an optimized end user experience. Dell's software and services solutions integrate with current endpoint environments and provide enhanced efficiencies, actionable insights and an optimized experience across deployment, security, management and support. Gains from implementing Dell Technologies Unified Workspace offset hardware and IT costs1 • Modern factory provisioning and reduce deployment time by 50%2 • Comprehensive endpoint security above and below the OS • Unified management from one console of your choice • Predictive, proactive support to reduce support calls by up to 46%3 and resolve issues 6x faster4 Ports & Slots 1. Power Button | 2. Universal Audio Jack | 3. Line-In/out | 4. USB 3.2 Gen 1 Type-A port | 5. Knock-out Slots for Wireless Antenna | 6. Optional Port: Serial/PS2/VGA/DP1.4/HDMI 2.0 | 7. 4 x USB3.2 Gen1 Type-A Ports, 1 with Smart Power on | 8. Thumbscrew | 9. Padlock Loop | 10. RJ-45 Port | 11. K-lock Slot | 12. 2 x Display Ports| 13. Power Connection Technical Specifications Product: Dell OptiPlex 3090 Processor frequency: 3 GHz Processor family: 10th gen Intel® Core™ i5 Processor model: i5-10500T Internal memory: 8 GB Internal memory type: DDR4-SDRAM Total storage capacity: 256 GB Storage media: NVMe On-board graphics adapter model: Intel® UHD Graphics 630 Operating system installed: Windows 11 Pro Operating system architecture: 64-bit Power supply: 65 W Chassis type: MFF Product type: Mini PC
