A bigger view to a broader world

The 10.5" wide display, complete with symmetric bezel, measures only 10.2mm, so you can stay fully immersed in what's on the screen. Explore epic films to how-to contents for a hobby you love, without compromise and enjoy a broader world through a bigger, better view with the Galaxy Tab A8.

Classic and contemporary

Stylish with a touch of cool, the Galaxy Tab A8 features a sleek metal body with an ultrathin profile of just 6.9mm. Enjoy Samsung's signature tablet design in Graphite, Silver, and Pink Gold with each hue highlighting effortless charm.

Dive into dynamic sounds

Quad speakers powered by Dolby Atmos® surround sound, will elevate your entertainment experience revealing every detail of audio with exceptional clarity and depth. Made to deliver immersion on the go, the Galaxy Tab A8 opens up an enveloping universe of content, games & activities that everyone will love.

Let the higher power take over

Sporting the Octa-core processor paired with up to 4GB RAM and 128GB internal storage, the Galaxy Tab A8 is ready to take on a challenge without draining the speed or battery. Save more with up to 1TB microSD card and stay supported with a 7,040mAh (typical) battery and 15W Fast Charging.

Abundant, accessible and all yours

With Samsung TV Plus, Galaxy Tab A8 delivers instant, free TV anytime, anywhere. Enjoy thousands of hours of news, sports, movies, a variety of kids' content, and more. Simply launch the Samsung TV Plus app and use the GUIDE to see what's on now or coming up next.

Take YouTube Premium for a spin

Have yourself a YouTube experience that's uncluttered by ads, by redeeming a free two-month subscription to YouTube Premium. With the free access that you get upon your purchase of Galaxy Tab A8, you can also watch videos while using other apps or even when the screen is locked.

Video lessons made easy with Screen Recorder

With Screen Recorder built into your Galaxy Tab A8, recording a live online class is simple, seamless and always hassle-free. Stay engaged throughout the session by marking directly on the content and making notes of key takeaways. Voilà! Your video lesson is ready to be watched whenever you want.

Keep your children engaged & safe with Samsung Kids

Filled with fun activities that encourage kids to learn, Samsung Kids introduces a safe environment for your child to explore and connect with the world. Using the improved Parental control, you can set limits on playtime, give selective access to apps and see their activities at a glance.

Get more done in more ways

Make the most of the enhanced Samsung multi-window experience. On Galaxy Tab A8, you can split the screen in half and do two things at once. You can adjust the window focus as needed with a simple drag & drop movement, share content between apps, and even drag and drop a notification.

Stay secured by Samsung Knox

Starting at the hardware level, Samsung Knox locks intrusions out. In real-time, the kernel which serves as the brain of the device is prevented from compromise. This multi-layered, state-of-the-art platform constantly inspects the core software and verifies the integrity of the device.
