Product Code: 13033

R2,374 ~~R2,903~~

Immerse into your world

Get lost in what you love. Galaxy Buds2 open a new world of sound with well-balanced audio, lightweight comfort fit, Active Noise Cancellation and seamless connectivity to your Galaxy phone and watch.1 Intuitive controls and powerful sound keep you immersed when working out, gaming or jamming to your beats.

Hear clearly. Speak confidently.

With three microphones, a curved design to cut down on wind noise and a machine-learning based solution to filter unwanted sound, Galaxy Buds2 are designed to deliver every word crisply and clearly, whether you're chatting with a friend or leading a high-stakes conference call.

Choose the sound you want to hear

Two microphones pick up the sounds you want to hear while Active Noise Cancellation2 blocks unwanted ones. The Galaxy Wearable app lets you choose between three levels of ambient noise so you can take control of the sound in your environment. Listen to playlists without missing an announcement at the airport. Or, reduce background noise to stay fully immersed in your favorite music, games, audiobooks and podcasts.

The lightest earbuds we've ever made

Galaxy Buds2 feature our most comfortable and lightweight fit yet. You may get to the end of your playlist before you remember you're wearing them at all, even during the most rigorous activities. With three sizes of soft, flexible silicone tips, you can find the perfect fit to get the best ANC2 experience possible.

Find your perfect tone

Classic graphite. Flawless white. Bold olive. Stylish lavender. Each earbud comes in a fashion-forward design and matching case to fit your unique taste.3 With a widely compatible cradle design, the case keeps your earbuds safe, recharged and ready-to-go.

Plenty of play time, wherever you go

Whether you're watching your favorite shows, blazing through playlists or enjoying the great outdoors, Galaxy Buds2 keep you connected and comfortable for hours without stopping to charge. Indulge your love of music with a long-lasting battery that's up to the job—so your music doesn’t stop until you do.

Switch without missing a beat

With Auto Switch, Galaxy Buds2 detect what connection you need and instantly shift audio to that Galaxy device.5 Go from watching a movie on your Galaxy tablet to playing music on the Galaxy Watch4, all hands free. Galaxy Watch4 also supports Quick Buds Control,6 helping you turn ANC on or off, and check battery life right from your wrist.
