Superior security Prioritize privacy: The privacy shutter ensures no one can see you while the HD webcam isn't in use, so you're protected from accidental embarrassments. TPM 2.0: The Trusted Platform Module 2.0 is a commercial-grade security chip installed on the motherboard that creates and stores passwords and encryption keys. It verifies that the computer has not been tampered with before booting up and protects your data against external software attacks. Simple & secure: The fingerprint reader with Windows Hello allows you to easily and securely log in with just one touch. A better way to video conference Crystal-clear camera: The high-quality 2.7mm HD camera lets you converse face to face in vivid detail while ensuring the entire image is in precise focus. Clearer quality: SmartByte software ensures video-conferencing applications receive network bandwidth priority over other applications, so every business call features outstanding clarity. Unite your devices with Dell Mobile Connect Stay focused and connected: Stay focused on tasks by interacting with your phone directly from your Dell PC- you can easily make calls, send texts, and get notifications. Transfer files seamlessly: Transfer files, photos, videos, music, and documents between your PC and phone without complicated cloud storage or cumbersome cables. Mirror Device to PC: Project your Android or iOS device screen onto your PC and interact with apps there. Maintain your privacy: Your phone connects to your PC via Dell Mobile Connect's point-to-point, secure connection so your data is never exposed via unsecure internet connections.⁴ Windows 10 Pro - designed for hybrid work. Ports & Slots 1. Micro SD card reader | 2.USB 3.2 Gen 1 Type-A | 3. RJ45 | 4.Headset Jack5 | 5.Wedge shaped lock | 6.Power Jack | 7.HDMI 1.4 | 8.USB 3.2 Gen 1 Type-A | 9. USB 3.2 Gen 2x2 Type-C™ (Display Port/PowerDelivery) (i5 processor only) OR Thunderbolt™ 4 (Display Port/PowerDelivery) (i7 processor only) Dimensions & Weight 1.
