Go further with a gaming SSD built for industry-leading speed, sustained abuse, lowest latency and superior gaming.

## **Faster Gaming with PCIe Gen4**

Pro-level gaming that's nearly 45% faster than PCIe Gen3 M.2 NVMe SSD.

## **Beyond Acceleration**

Upgrade to PCIe Gen4, with sequential read/write up to 5,000/4,400 MB/s.

## **Enviably Endurance**

With 1.8M hours MTBF, this SSD can play harder for longer.

## **Long-Term Reliability**

5-year limited warranty and up to 3,600 TB TBW (total bytes written) helps assure the security of your data.

## **A Winning Combo**

Our FireCuda 520 SSD is built to provide you with more cores, more cache, more tech, and more I/O. This gaming drive is out-of-the-box compatible with the latest generation of powerful AMD Ryzen™ processors.

## **DiscWizard and SeaTools — Making Drive Management Easier**

Seagate makes it easy to add new drives to your computer and monitor their health and performance with the free DiscWizard and SeaTools software. Easily clone your current drive to your new Seagate drive, create and format partitions, transfer data, and back up data with DiscWizard, and then seamlessly monitor drive health, performance, and firmware updates using SeaTools.
