Get lost in what you love. Galaxy Buds2 opens a new world of sound with well-balanced audio, lightweight comfort fit, Active Noise Cancellation, and seamless connectivity to your phone and watch. Intuitive controls and powerful ANC keep you immersed when working out, gaming, or jamming to your beats.

Your world the way it’s meant to be heard

Enjoy booming bass and crystal clear treble through two-way dynamic speakers. Galaxy Buds2 gives you well-balanced sound quality that makes you feel like you're on stage with your favorite band. Hear it like you’re there.

Choose the sound you want to hear

Two microphones detect ambient noise while Active Noise Cancellation blocks unwanted sound to keep you fully immersed in your music, games, audiobooks, and your favorite podcasts.

The lightest earbuds we've ever made

Galaxy Buds2 is lightweight and keeps music snug in your ears for even the most active lifestyles. With three sizes of soft, flexible silicon tips you can find a custom fit to get the best ANC experience possible. Find your fit with the “Earbud fit test” menu in the Galaxy Wearable app.

Hear clearly. Speak confidently.
With three microphones, a curved design to cut down on wind noise, and a machine-learning based solution to filter unwanted sound, Galaxy Buds2 is designed to deliver — and send — every word crisply and clearly, whether you're chatting with a friend or leading a high-stakes conference call.
