Targus Voice Recording Presenter with Laser Pointer wireless presenter Black, Silver

Model: AMP05EU

Manufacturer: TARGUS

Product Code: 14699

R633 ~~R704~~

The Targus Voice Recording Presenter with Laser Pointer incorporates three individual products into one small, easily portable product; includes PowerPoint presenter, voice recorder and SD memory card reader.

The remote control sized product includes all the features needed for a boardroom or classroom presentation. Integrated voice recorder enables you to record questions, remarks and reminders during a meeting without disrupting your presentation.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

PowerPoint presenter with laser pointer, volume control and scroller wheel

Provides full control of PowerPoint presentations in a single remote:
- slideshow/ESC;
- next/previous page;
- dark screen/resume;
- application switch;

- Extra laser pointer, volume control and scroller wheel features provide greater command of, and easier navigation through, presentations.
- 3-in-1 presenter reduces the number of accessories to carry to a meeting.

Integrated voice recorder

- Record questions, remarks and reminders during a meeting without disrupting your presentation.
- Download voice recording to your computer using the supplied USB cable.
- Capture ideas and thoughts any time, anywhere.
- Records in .WAV format for easy playback.
- 4 minutes of recording = 1MB of storage.

Built-in SD memory card reader

- Store presentations and other important files on an SD card and download the information to the host computer using a USB cable.
- Store voice recordings on an SD card.
- USB 1.1 file transfer rate.

2.4 GHz RF wireless technology

- Up to 15 metre working range for full control of presentation from anywhere in the room.

Stow-N-Go receiver
