

NETGEAR ProSafe 24 Port Fast (10/100) Rack Mountable Unmanaged

Model: FS726T

Manufacturer: NETGEAR

Product Code: 14766

R2,558 ~~R2,860~~

The FS726T smart network switch provides some key management features at a surprising inexpensive price point. NETGEAR's family of Smart Switches are ideal for adding basic management to unmanaged networks or extending managed networks. The FS726T includes affordable built-in Gigabit power to easily connect to servers or a Gigabit-speed backbone. With the inclusion of 24 10/100 Mbps ports, 2 copper 10/100/1000 ports and an SFP slot for fibre connectivity, growing business networks can benefit from superior performance and keep pace with expanding network needs.

KEY FEATURES

- Auto Uplink™ technology automatically adjusts for different Ethernet cables.
- Two RJ-45 Gigabit network ports to create high speed connections.
- SFP slot for fibre high speed connections over near or extended distances.
