Productivity meets passion

The Yoga 7i Gen 7 (14" Intel) lets you harness the power of creativity with up to 12th Gen Intel® Core™ i7 processors and an all-day battery. As well as 360-degree multimode versatility and precise unibody chassis, this stylish device boasts a Comfort-Edge design. Stream, create, work, and perform passionately with Dolby Vision™, plus four speakers optimized by Dolby Atmos®, and up to a brilliant 2.8K OLED touchscreen display.

A mode for every mood

Featuring rounded edges and a polished Comfort Edge design, the Yoga 7i Gen 7 (14" Intel) is crafted for easy handling, carrying, and use. Work from home or on the road in style with a thin, light, and precise unibody chassis in a stunning 360° convertible.

Brilliant display, passionate sound

Step into a dazzling world of ultra-vivid picture quality and immersive visuals with up to a 2.8K OLED touchscreen display. It features a 16:10 aspect ratio offering more screen, as well as 100% sRGB and DCI-P3 with Dolby Vision™ for rich, photo-realistic color. Surround yourself in a curtain of flowing audio from four user-facing speakers, optimized with Dolby Atmos®.

The smarter way to work & play

The smart AI on the Yoga 7i Gen 7 (14" Intel) lets you get started quickly and securely with facial recognition log-in on the FHD IR webcam with a privacy shutter. The 14" display features certified hardware-based low blue-light, while adopting smart noise cancellation to keep your calls pristine and more engaging by reducing distracting noises around you.

Truly versatile, truly connected

The 360° versatility on the Yoga 7i Gen 7 (14" Intel) helps to maximize your productivity and creativity. With a full array of ports including Thunderbolt™ 4 and HDMI, plus a long-lasting, rapid-

charging battery, you won’t need to worry about looking for dongles or power outlets while on the go. In addition, you can enjoy a larger touchpad, optional full-sized Active Pen, and super-fast WiFi 6E*. *6GHz WiFi 6E operation is dependent on the support of the operating system, routers/APs/gateways that support WiFi 6E, along with the regional regulatory certifications and spectrum allocation.

Delivering superior performance

Take a revolutionary leap into real-world hybrid performance with up to 12th Gen Intel® Core™ i7, an innovative design that distributes processing power to where you need it most. From streaming and browsing to photo- and video-editing, experience the performance boost you need for your biggest breakthroughs.

CO2 Offset Service is included with this device!

The CO2 Offset service is contributing based on the average cost of the carbon emissions associated with selected devices, from manufacturing to shipment and the average lifecycle. We then work with several projects, including those vetted by the United Nations for climate change, so you can trust the impact and integrity of the environmental projects you support. These include improving renewable energy, reducing air pollution, and enhancing safe-waste disposal.
Specifications may vary depending upon region / model.
