

HP NVIDIA Quadro GP100 16GB Graphics

Model: 1ZE81AA

Manufacturer: HP INC.

EAN: 190781998129

Product Code: 16338

R280,768

Overview

Validate designs, test ideas, simulate solutions, and realize results fast with the graphics and compute capabilities of the NVIDIA® Quadro® GP100 workstation graphics card, designed for the most demanding professional users and powered by the NVIDIA Pascal™ GPU and higher-bandwidth memory.

Features

Get extremely fast acceleration of double-precision floating point for scientific computing analysis and simulation algorithms, half-precision floating point for deep learning algorithms, and select CGI algorithms for photorealistic rendering.
