

ASUS DUAL Geforce RTX 5050 OC 8GB GDDR6 3xDP 1xHDMI

Model: 90YV0N72-M0NA00

Manufacturer: ASUS

EAN: 4711636178518

Product Code: 16393

R6,284

The ASUS Dual graphics card offers performance with support for up to 8 GB of video memory and a 128-bit bus width, making it suitable for demanding applications and gaming. With the capability to handle resolutions up to 7680 x 4320, this graphics card can drive multiple displays, supporting up to four monitors for an immersive visual experience. Built with NVIDIA technology, it incorporates features such as NVIDIA G-Sync compatibility and Ray Tracing Cores, ensuring fluid gameplay and impressive visuals. This card also boasts a Dual Fan Design with 0dB Technology, providing effective cooling while maintaining quiet operation during lighter tasks. Complemented by the AUTO-EXTREME technology, the graphics card ensures reliable performance and longevity.
