R7,102

The MSI GeForce RTX 5050 8G VENTUS 2X OC graphics card delivers performance for gaming and creative work. Equipped with 8 GB of GDDR6 SDRAM and a 128-bit bus width, it offers memory speeds of 20 Gbps, allowing for smooth graphics rendering and high frame rates. Capable of supporting up to four monitors with resolutions reaching 7680 x 4320, this graphics card provides an immersive visual experience. The implementation of NVIDIA G-Sync technology ensures that gameplay is fluid and tear-free while the MSI Zero Frozr technology keeps the temperature in check during demanding tasks. Designed with gamers in mind, it features NVIDIA DLSS 4 and Ray Tracing Cores for realism in graphics, making this card a choice for enthusiastic gamers and professionals alike.
