

GIGABYTE GeForce RTX 5070 GAMING OC 12GB VGA

Model: GV-N5070GAMING OC-12GD

Manufacturer: GIGABYTE

EAN: 4719331355722

Product Code: 18937

R17,460

The GIGABYTE GeForce RTX 5070 GAMING OC 12G graphics card combines performance and technology, ideal for gamers and content creators. Equipped with 12 GB of GDDR7 SDRAM and a 192-bit bus width, it delivers memory speed at 28 Gbps, enabling smooth gameplay and vibrant graphics. The NVIDIA GeForce RTX 5070 processor supports a maximum external resolution of 7680 x 4320 and allows for up to 4 monitors, providing visual experiences for advanced gaming setups or professional applications.

This model features a robust cooling system with GIGABYTE WINDFORCE design, a triple fan setup, and a Dual Bios for efficient temperature management and optimized performance. With technologies like NVIDIA DLSS 4 and NVIDIA Reflex, players can enjoy faster frames and improved responsiveness. The card also comes with RGB lighting through GIGABYTE RGB Halo, allowing for customization of lighting effects. Included accessories like a graphics card holder and a 2x8-pin to 12VHPWR cable ensure straightforward installation, making it a powerful addition to any PC build.
