

Goodram PX500 GEN.3 SSDPR-PX500-512-80-G3 internal solid state drive 512 GB M.2 PCI Express 3.0 NVMe 3D NAND

Model: SSDPR-PX500-512-80-G3

Manufacturer: GOODRAM

EAN: 5908267966259

Product Code: 19745

R2,634

Ready for everything

The third-generation PX500 NVMe PCIe 3 x4 drive offers a significant improvement in computer speed with up to 6 times the speed of SATA III SSDs. It is the perfect solution to the ever-increasing expectations from users who want to improve their devices at home or in the office. With capacities ranging from 256 GB to as much as 2 TB, the PX500 gen. 3 is ideal for a wide range of applications such as data storage, gaming, work and

everyday use.

Fast and capacious

With read speeds of up to 3,500 MB/s and write speeds of up to 2,800 MB/s, you'll experience fast program loading and lightning-fast transfers for the ultimate working experience. Forget about long application loads or slow system loads. The drive's capacities allow you to store huge amounts of data, including large files, multimedia, applications and even the operating system, without worrying about running out of storage space.

Flagship technologies

Utilising a PCIe 3 x4 interface, the PX500 gen. 3 drive guarantees great throughput and performance even during heavy use, which is crucial for compute-intensive applications and fast data access. The drive incorporates a number of technologies that not only improve performance, but also enhance the durability and security of stored data. These include: Error Correction Code (ECC), Wear leveling, Thermal throttling or the SMART function.

Capacity without compromise

If you're looking for a solution that will store all your files, games, multimedia and applications in one place, a 2-terabyte SSD is the answer. Choose the reliability, performance and space you need, and enjoy the smooth operation of your computer for years to come.

3-year warranty!

The PX700 SSD is covered by up to a 3-year* manufacturer's warranty. All available capacities are limited by the same warranty period.

*limited by TBW**

** TBW (Total Bytes Written) – SSD durability, a parameter that determines the maximum amount of data that can be saved on a drive until the warranty expires. The TBW parameter is defined in the SSD product specifications.
