Take CTRL of your game

If you’re looking to upgrade your gaming setup, we’ve got just the keyboard for you! With Huano linear mechanical switches, the Zora Mechanical Keyboard offers up to 50 million keystrokes, meaning you can keep building on your skills with each and every one.

Full-colour keyboard

Add some cool to your keyboard. Complete with fully adjustable RGB illumination with 16.8 million colour combinations, programmable via software, this keyboard allows you to find the perfect vibe for your ultimate personalised setup.

Keep it keying

The Zora has so much more than a regular keyboard. Its N-key rollover anti-ghosting functionality registers an unlimited number of keystrokes at the same time, whilst Fn multifunction keys offer direct access to your media player, pause and other functions.

Built to last

This keyboard is here to stay. The durable aluminium top-plate is made for intense gaming sessions; anti-slip, height-adjustable feet ensure it’s going nowhere; and its 1.8m detachable USB cable makes it easy to store, take on-the-go, or replace with a coiled cable to personalise your keyboard.
