# Cudy GS1016 network switch Unmanaged Gigabit Ethernet (10/100/1000) Black

Model: GS1016

Manufacturer: CUDY

EAN: 6971690791117

Product Code: 200089

## R1,516

**Default/VLAN/Extend Multi-Mode**

## VLAN Mode

Protect clients from attack from client-side hacking. With VLAN mode, downlink ports 1-14 can only communicate with uplink ports.

## Extend Mode

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Prolong the transmission distance of ports 1-14 to a maximum of 250 meters and simplify installation. (These ports' speed will be capped at 10 Mbps)

## DSCP/802.1p QoS

Itentify the packets with DSCP headers and forward those with higher priority first.

## IGMP Snooping

Identifies the multicast groups connected to the switch and sends data to the exact ports instead of broadcasting them.

## Loop Prevention

Blocks the ports automatically when it detects a loop in the network, preventing downtime caused by misoperation.

## Fanless Cooling

Low heat generation and fanless design cater to noise-sensitive enironments.

**Installation and Dimension**

**Mounting Brackets Included**
**Standard 1U Rackmount**

**Versatile Scenarios**

**Office Network**
**Mall Wi-Fi**
**Surveillance**
**ISP FTTB**
