TP-Link Archer AX1800 Dual-Band Wi-Fi 6 Router

Model: Archer AX23

Manufacturer: TP-LINK

EAN: 4897098687048

Product Code: 200204

R1,887

Explore the

New Era of WiFi

AX1800 Dual-Band Wi-Fi 6 Router

WiFi 6 Upgrades Everything

The latest generation of WiFi technology brings faster speeds, less lag, and higher capacity, enabling more simultaneous connections on your home network.

Super-Fast WiFi 6

Transfer HD movies in 10 seconds. WiFi 6's 1024-QAM improves encoding efficiency by 25% while the improved symbol rate boosts data rate by 11%. Enjoy broader bandwidth while streaming

content on multiple devices.

Connect More, Stay Fast

Enjoy smooth gaming, video streaming, and live feeds simultaneously. OFDMA strengthens your WiFi by allowing multiple clients to share one band at the same time, cutting latency and jitter.

WiFi Coverage Throughout

Your Home

4× high-performance external antennas boost WiFi signals throughout your home. Beamforming technology detects devices and concentrates wireless signal strength towards them, especially for those in previously hard-to-reach areas.

TP-Link OneMesh™

Flexibly Create Whole Home WiFi

Want to build a whole-home WiFi? Archer AX23 supports OneMesh to form seamless coverage throughout your home, preventing drops and lag when moving between signals.

WPA3—The Next Level of Cybersecurity

The latest WiFi security protocol, WPA3, brings new capabilities to improve cybersecurity in personal networks. More secure encryption in WiFi password safety and enhanced protection against brute-force attacks combine to safeguard your home WiFi.

Universal ISP Support

Europe has the most diverse connection types, and TP-Link knows this. Archer AX23 works with all European ISPs by supporting most authentication methods, including the popular L2TP and PPTP methods in your region.

Easy Setup and Use

Whether you prefer the intuitive Tether app or TP-Link’s powerful web interface, you can set up your Archer AX23 in minutes.

The Tether app allows you to manage network settings from any Android or iOS device.

Protect Your Children

Block inappropriate content for your children, and customize a time range for better online habits.

New Connection Notification

You will be notified by your phone when new devices connect. Kick off any suspicious connections and block them. It’s as simple as that.

Easy Firmware Upgrade

Tired of upgrading firmware? OTA updates enable easy firmware upgrades with a click in the management panel. To keep your security and functions always up-to-date, just turn on the auto schedule.
