TP-Link Archer AX3000 Multi-Gigabit Wi-Fi 6 Router with 2.5G Port

Model: Archer AX55 Pro

Manufacturer: TP-LINK

EAN: 4897098686805

Product Code: 200211

R2,563

The New Era of Connectivity with 2.5G Ports

AX3000 Multi-Gigabit Wi-Fi 6 Router

Archer AX55 Pro

Incredible Speed,

AX3000 WiFi 6

Drastically improved WiFi 6 speeds enable streaming, fast downloading, and gaming—all at the same time. 5 GHz with 160 MHz channel support doubles the bandwidth, enabling 8K video without lag.

Go Faster — Multi-Gig Wired Connections

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

In addition to stunning wireless speeds, AX55 Pro also provides premium wired connections. A 2.5 Gbps port and 1 Gbps port make full use of gigabit speeds from your local ISP. Break through the 1G bottleneck and drive your devices to peak performance. WAN/LAN support gives you remarkable flexibility to tailor both ports to fit your network’s needs.

WiFi Coverage Throughout Your Home

4× high-performance antennas boost WiFi signals throughout your home. Beamforming technology detects devices and concentrates signals towards them, especially to previously hard-to-reach areas.

Massively Expanded Device Capacity

Less Loading Wheels

Enjoy smooth gaming, video streaming, and live feeds simultaneously. OFDMA makes your WiFi stronger by allowing multiple clients to share one band at the same time, which cuts latency and jittering.

Improved Cooling Design for Full Output

No heat ups, no throttles. A larger heat sink and refined case design cool the WiFi 6 system and enable your network to stay at top speed in more versatile environments.

TP-Link OneMeshTM:

Flexibly Create Whole Home WiFi with Archer AX55 Pro

Want to build a whole-home Wi-Fi? Archer AX55 Pro supports OneMesh to form seamless whole-home coverage, preventing drops and lag when moving between signals.

TP-Link HomeShield:

Advanced Security for Your Everyday Devices

With TP-Link HomeShield, enjoy advanced security features dealivering a safe environment that protects your family and network's data and privacy.

Home Network Scanner

Real-time network scanner to detect potential threats and security issues.

Parental Controls

Manage time online and block inappropriate content to keep your family safe online.

Quality of Service

Assign your favorite devices to have the fastest connections for top performance.

Upgrade to HomeShield Pro

- DDoS Attack Prevention
- IoT Device Protection
-Advanced Parental Controls including Time Rewards
- 1-Month Free Trial

VPN Clients and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. Archer AX55 Pro can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.

USB 3.0 Ports

Easily share files between connected devices by plugging into an external drive. You can even make it your personal cloud storage and access it from outside securely.

Easy Setup and Use

Whether you prefer the intuitive Tether app or TP-Link’s powerful web interface, you can set up your Archer AX55 Pro in minutes.
The Tether app allows you to manage network settings from any Android or iOS device.

Protect Your Children

Block inappropriate content for your children, and customize a time range for better online habits.
