Superior Mesh WiFi,

Everywhere

AX1500 Whole Home Mesh Wi-Fi 6 System

Mesh Network Powered by Wi-Fi 6

Armed with WiFi 6 technology, Deco whole home mesh WiFi is designed to deliver a huge boost in coverage, speed, and total capacity. Get on the ultra-fast mesh WiFi to enjoy the future network that loads faster and connects more.

More Capacity for More Devices

Bi-directional MU-MIMO technology enables multiple devices to simultaneously receive data, so your WiFi network can handle more devices at once, reducing buffering and improving overall performance.

Make Latency A Thing of The Past

OFDMA technology allows for more efficient use of WiFi bandwidth, resulting in faster speeds, reduced latency, and improved network capacity.

Engineered for
More Devices

Deco products are aimed to dramatically improve capacity and efficiency in traffic-dense environments. No matter how many screens or devices are on at once, everyone is able to enjoy a more efficient network that loads faster without dragging down performance.

Cover Every Corner of Your Home

Deco X10 eliminates weak signal areas with clearer, stronger whole-home WiFi generated by BSS (Base Service Station) Coloring and Beamforming technologies as the WiFi dead zone killer. Thus, there will be no more searching around for a stable connection.

Want more coverage? Simply add another Deco. All TP-Link Deco can work together.

Intelligent Networking for a Smarter Home

Deco uses its custom algorithms to automate the connections on your network, ensuring the strongest possible signals at all times.

Seamless Roaming with One WiFi Name

TP-Link Mesh means Deco units work together to form one unified network. Your phone or tablet automatically connects to the fastest Deco as you move through your home, creating a truly seamless WiFi experience.

Whole Home Coverage

Eliminate weak signal areas throughout your house

Smart Roaming

Uninterrupted streaming when moving between rooms

One WiFi Name

No more switching WiFi network names

Unified Management

Control your home WiFi by managing the central node via the Deco App

Simple. Easy. Yet Powerful.

Setup and manage your network anytime and anywhere on the friendly TP-Link Deco app. In just three easy steps your entire home can be blanketed in strong and reliable WiFi.

Easy Management

Manage your WiFi at home or away on the Deco app. See every connected device, prioritize your own, and set up a guest network.

Voice Control

Use an Amazon Alexa or Google Assistant-enabled device to control Deco X10 with just your voice.

All Decos Work Together

Deco X10 is compatible with every other Deco model to form a Mesh network. Expand Mesh WiFi coverage anytime by adding more Decos.
