R2,288

Discover a blend of style, performance, and convenience with Lenovo's wireless headset. Designed to cater to both your work and entertainment needs, this headset features Bluetooth 5.3 technology, ensuring a reliable and seamless connection up to 30 m away from your device. With a diaphragm diameter of 40 mm and a broad frequency response, it delivers crystal clear stereo sound that immerses you in every note and conversation. The on-ear design, combined with intuitive controls for volume, playback, and calls, offers comfort and ease of use throughout the day. Whether you're participating in a crucial conference call or losing yourself in your favorite music, the 640 mAh battery ensures that your headset is ready whenever you need it, with a quick recharge time of just 2 hours. Certified for Microsoft Teams, this headset meets professional communication standards, making it an ideal choice for professionals everywhere.
