CORSAIR K95 RGB PLATINUM features CHERRY MX Brown keyswitches backed by a lightweight aluminum frame. 8MB profile storage with hardware macro and lighting playback enable profile access independent of external software. Utilize the 19-zone LightEdge to add to dramatic animations and effects. Take advantage of the 6 programmable G-keys for in-game macros. 100% anti-ghosting with full key rollover on USB ensures every keystroke translates directly into accurate gameplay. USB pass-through port provides convenient access to an additional USB port for your mouse or headset. Dedicated volume and multimedia controls allow you to adjust your audio without interrupting your game.
