Combining Tri-band WiFi with high-tech WiFi 6, Archer AX90 provides eight simultaneous data streams to open up more bandwidth and help your devices operate at full speed. Eight high gain antennas not only deliver boosted WiFi signals to every corner of your home, but also bring a sense of aesthetics. In addition to stunning wireless speeds of more than 6.6 Gbps, AX90 also provides premium wired connections. A 2.5 Gbps port and 1 Gbps port make full use of gigabit speeds from your local ISP. Break through the 1G bottleneck and drive your devices to peak performance. WAN/LAN support gives you remarkable flexibility to tailor both ports to fit your network's needs. Customize your home network with enhanced security using TP-Link HomeShield's kit of built-in features. Whether you're identifying network security holes, limiting the time your children spend online or blocking websites, HomeShield gives you the tools you need to fully manage your network. The security threats to your home network are continually evolving as your WiFi usage grows. HomeShield provides a home network scanner for your private WiFi to detect potential threats and alert you of security issues.
