The HPE OfficeConnect 1405 is a Plug and Play unmanaged Layer 2 switch, designed for small offices. The 1405 small office switches are preconfigured for fast, easy installation, with connections using low-cost Ethernet copper cabling. They support administration-friendly features, such as auto-negotiation and automatic cable type detection (MDI/MDIX), and are FCC Class B certified and approved for both business and home office locations. They have energy-saving features, such as energy-efficient Ethernet (EEE) and idle-port power down. They are fanless for quiet and "green" operation, and are designed for high reliability, long life, low power consumption, and low total cost of ownership.
