

HPE Aruba 6200F 48G CL4 4SFP+740W Swch

Model: JL728A

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017409191

Product Code: 203102

R140,429

The HPE Aruba 6200F 48G Class4 PoE 4SFP+ 740W Switch is a powerhouse of efficiency and connectivity, designed to meet the demands of modern network infrastructures. With a robust switching capacity of 176 Gbps and a throughput of 130.9 Mpps, it ensures that data flows smoothly and swiftly across the network. The switch features 48 PoE+ ports, each capable of delivering power to connected devices, supported by a substantial 740 W PoE budget. This makes it an ideal solution for networks that support a large number of PoE devices. Additionally, its 4 SFP+ ports offer flexibility for uplink or stacking, enhancing its utility in diverse networking environments. The switch's Layer 3 capabilities allow for sophisticated routing and network segmentation, making it a versatile choice for complex network setups. Its stackable design, coupled with a form factor that's both space and energy-efficient, ensures that it can grow with your network's needs while minimizing its footprint. Whether you're upgrading an existing network or building a new one, the HPE Aruba 6200F is engineered to provide reliable, high-performance connectivity.

Product Description: HPE Aruba 6200F 48G Class4 PoE 4SFP+ 740W Switch - switch - 52 ports -

Managed - rack-mountable | Device Type: Switch - 52 ports - L3 - Managed - stackable | Enclosure
