

HUAWEI 98011808-001-UW-S5731-S32ST4X-A 8x10/100/1000BASE-T ports 24xGE SFP ports 4x10GE SFP+ ports AC power front access

Model: 98011808-001

Manufacturer: HUAWEI TECHNOLOGIES

EAN: 6901443338450

Product Code: 203211

R33,025

The Huawei CloudEngine S5731-S32ST4X-A is designed for performance in demanding networking environments. With a robust 32-port configuration, including various 10Gbit LAN options, this switch ensures high-speed connectivity and efficient data transfer. The built-in devices include dual fans, ensuring effective cooling and maintaining operational temperatures ranging from -5°C to 50°C. This model supports stacking, enhancing scalability and adaptability for future network expansion.

Constructed with a durable metal housing, the S5731-S32ST4X-A features several protective elements including 6KV lightning protection for both common and differential modes. The rack-mountable design and manageable interface simplify integration into existing infrastructures, with status indicators for power, system, link/activity, and more, providing real-time feedback for seamless operation. Its environmental compliance, with a wide humidity range and temperature tolerance, allows for reliable operation in various settings.
