

## HP t410 All-in-One 1 GHz Smart Zero 3.65 kg Black Cortex A8

Model: H2W20AA#ARL

Manufacturer: HP INC.

Product Code: 203336

## R17,319

One and Only HP's lowest-power all-in-one smart zero client, delivering PC-like performance using a single wire for power and network connectivity. Simplify your desktop with zero management and zero compromise.

### Features

### All-in-One design

- Create a powerful, client virtualization environment with a streamlined all-in-one solution that combines thin client security and management for impressive PC-like performance.
- The innovative design features an 18.5" diagonal LED monitor for a small desktop footprint.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

## Power-over-Ethernet

- Experience our lowest powered, all-in-one smart zero client with Type 1 Power-over-Ethernet – designed to operate within a 13-watt power envelope at 200 nits of brightness through Power-over-Ethernet.
- Benefit from a faster, one-wire set-up. Just plug in your Power-over-Ethernet wire and you're ready. No A/C attach required.

## PC-like Performance

- Built using a high performance Texas Instruments TMS320DM8148 ARM R Cortex™ processor with 1 GB DDR3 SDRAM and 2GB eMMC Flash memory capacity.
- Supports Microsoft®, Citrix and VMware (including PCoIP) VDI implementations in a single “appliance” set-up.
- Featuring DSP Acceleration for RemoteFX, PCoIP and ARM® Neon extensions for Citrix SoC for a more flexible user experience.

## HP Smart Zero Client Technology

- Reduce poor network connectivity in densely populated work environments with HP Velocity, a new HP feature. As network conditions change, HP Velocity reacts to maintain the highest quality performance.
- Simplify your IT atmosphere with complete configuration and reconfiguration control over your operating system.
- Automatic Intelligence, inherited by HP Smart Zero Client Services, establishes a secure desktop environment for all devices in minutes, and downloads everything it needs to deliver a robust user experience.
- If your client virtualization software changes your HP Smart Client will adapt to your environment. Simply repurpose your HP Smart Client for another protocol, saving time and money.

## Eco-highlights
