The ASRock DeskMeet X600 stands out as a compact and powerful PC barebone system designed for users who value efficiency and technology. Despite its small form factor, it does not compromise on performance or expansion capabilities. With a range of connectivity options including USB 2.0, USB 3.2 Gen 1, USB-C, HDMI, and DisplayPort, it caters to all peripheral and display needs. The system's networking capabilities are bolstered by the Realtek RTL8125BG Ethernet controller, supporting up to 2.5 Gigabit Ethernet for fast and reliable Internet connections. Expansion is a breeze with PCIe 4.0 x16 and M.2 slots, ensuring that the system can grow with your needs. Additionally, the 80 PLUS Bronze certified power supply ensures efficient power consumption, making the ASRock DeskMeet X600 an ideal choice for both home and office environments.
