Oneodio Fusion A70 wireless headphones (pink)

Are you recording podcasts and looking for a piece of equipment that will help you do that? At the same time, do you also want to use it for everyday music listening? OneOodio headphones are the equipment for you! You can connect to them equally phones, iPads, laptops, but also electric guitars, AMPs or audio interfaces. Want to get rid of tangled cables? Thanks to Bluetooth 5.2 technology, this problem will disappear! In addition, the use of OneOodio headphones will be more comfortable, thanks to the special design.

Various connectivity options

With OneOodio headphones you will be able to listen to music exactly as you like. A cable with a 3.5mm to 6.35mm tip will give you the ability to connect a variety of equipment including a tablet phone, iPad, electric guitar, AMP and audio interfaces. In addition, thanks to a special technology,

two people will be able to listen to the same song, at the same time, on two different devices. Do you want to do away with cables? With OneOdio it's possible, as these headphones are equipped with Bluetooth 5.2 technology for convenient wireless connection.

Long working time

Working long hours on podcast recordings? You don't have to nervously glance at the time anymore, because the wired connection gives you the opportunity to work without limits! However, do you prefer a wireless connection? Here you don't have to worry either, as the 950 mAh Li-ion battery life is as much as 50 hours. From today nothing will limit you anymore!

High quality

Enjoy great sound regardless of the connection, thanks to OneOdio A70 headphones! You no longer have to worry about your music being interrupted by a cable falling out, as you can lock it into the headphones with a single movement. What's more, you can conveniently control the equipment with buttons located on one of the headphones. The noise cancellation technology that the headphones are equipped with will allow you to talk on the phone comfortably. From today your caller will always hear what you said.

Functionality

A70 headphones are not only functional and reliable equipment, but also full comfort. You will wear this equipment comfortably thanks to its adjustable headband and soft ear cups. In addition, you can conveniently fold it and give it to the bag, in which you will also safely transport your headphones.
